

Notebook Computer Cooling Pad

USB, Two Lighted Fans

Reduce notebook computer heat damage and extend service life.

More power means more heat, and that's why the MANHATTAN® Notebook Computer Cooling Pad can make a difference in the life of a portable PC. The heat generated from today's high-performance notebook computers can place an enormous burden on their internal circuitry, batteries and other internal electronic components. With space inside the shell becoming smaller, fans must work even harder to dissipate damaging heat to maintain a safe operating temperature range.

Ergonomic and Efficient Cooling Design

A MANHATTAN Notebook Computer Cooling Pad raises the notebook for improved air circulation, and quiet fans help cool internal components to reduce critical temperature. The gentle slope places the keyboard at a more natural position for comfortable use and reduction of strain and repetitive injury. Illuminated fans add an exciting lighting effect when in use.

USB Convenience

Low power requirements enable the MANHATTAN Notebook Computer Cooling Pad to operate efficiently using USB power and its built-in cable. This eliminates the need for complicated installation and external power supplies, adapters or cables.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
700429

Model
700429

Features

- Helps reduce operating temperature for longer life and improved performance
- Two quiet, high-volume fans help dissipate damaging heat
- Stylish and functional design with special lighting effects
- Built-in USB cable eliminates need for external power supply
- Fits directly under any notebook computer – requires no special installation
- Lifetime Warranty

Specifications

STANDARDS AND CERTIFICATIONS

- FCC
- CE
- RoHS
- WEEE

GENERAL

- Fans: 2
- Fan dimensions: 60 x 60 x 15 mm (2.4 x 2.4 x 0.6 in.)
- Fan noise: 21 dB (maximum)
- Fan speed: 2500 rpm
- Air flow: 35 cfm
- Illumination: blue LED

ENVIRONMENTAL

- Operating temperature (degrees): 0 – 40 C
- Storage temperature (degrees): -15 – 60 C
- Storage humidity: up to 90% non-condensing

POWER

- Power cable: Built-in USB A type, male
- Cable length: 61.5 cm (24 in.)
- Power consumption: 5 V +/- 50%
- Operating current: 450 mA (maximum)

PHYSICAL

- Material: acrylic
- Color: clear
- Dimensions: 300 x 240 x 42 mm (12 x 9.4 x 1.6 in.)
- Weight: 454 g (16 oz.)
- Lighting: blue

SYSTEM REQUIREMENTS

- PC or MAC notebook computer with USB port

PACKAGE CONTENTS

- Notebook Cooling Pad
