

Notebook Computer Cooling Stand with USB Hub

6 Adjustable Tilt Positions with 4-Port Hi-Speed USB 2.0 Hub, 70 mm

Raise the level of notebook computer productivity and USB connectivity.

Model
190039

For increased comfort and productivity, the MANHATTAN® Notebook Computer Cooling Stand with USB Hub securely holds a notebook computer and places its display at a relaxed level for optimal viewing with less neck and eye strain and less fatigue. An ideal alternative to large docking stations and port replicators, the full-size, sturdy platform features six adjustable positions that tilt to suit almost task and user while saving valuable work space. Quiet, built-in USB-powered cooling fans help keep operating temperatures of notebook computers up to 17" within safe ranges for longer life and improved computing performance. An integrated and detachable Hi-Speed USB 2.0 hub with four ports expands connectivity to add more digital devices and peripherals. Connect a full-size keyboard, mouse and numeric keypad to improve data entry accuracy and productivity. Attach pages, clippings and other materials to the built-in sliding copy holder for quick reference when transcribing. Easy to install and lightweight, the MANHATTAN Notebook Computer Cooling Stand with USB Hub quickly folds and stores for transport and use almost anywhere.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
190039

Features

- Six adjustable tilt levels elevate notebook computer to proper viewing height – ideal desktop docking station alternative
